

Trailhead Supply Co. - Return & Refund Policy

Last updated: January 2026

At Trailhead Supply Co., we want you to get outside with gear you trust. If something isn't right, we're here to help.

The 30-Day Return Window

You may return most items within **30 days of delivery** for a full refund, as long as the item is **unused, in its original packaging, and has all tags attached**.

- The 30-day window is measured from the delivery date on file, not the order date.
- Refunds are issued to the original payment method within **5-7 business days** after we receive and inspect the item.
- Original shipping charges are non-refundable unless the return is due to our error (wrong or defective item shipped).

Footwear

Boots and shoes may be returned within the same **30-day window**, but they must be **unworn outdoors**. Trying footwear on indoors is fine - that's the only way to check the fit. Items with visible outdoor wear (dirt, scuffs, trail damage) cannot be returned.

Final Sale & Clearance Items

Items marked **Final Sale** (typically clearance and heavily discounted products) are **not returnable or refundable**. A product's Final Sale status is shown on its product page and in your order confirmation.

Trail Club Members

Members of our free **Trail Club** loyalty program enjoy an **extended 60-day return window** on eligible (non-Final Sale) items. Sign in to your account before checkout to receive the benefit.

Defective or Damaged Items

If your item arrives damaged or develops a defect, it is covered by the **Trailhead Guarantee** rather than this return policy. See our Warranty Policy for details - there is no time-limited return window for manufacturing defects.

How to Start a Return

1. Sign in and open **Order History**, or contact support with your order number.
2. Select the item and reason for return to generate a prepaid return label.
3. Drop the package at any carrier location within 7 days of receiving the label.
